OOP project Group 43 meeting 9

Present – start 15:59

Merel Steenbergen   *Chair*

Sem van der Hoeven   *Secretary*

Mika Wauben

Ceren Ugurlu

We first showed the TA our application and how everything works

What we all did:

Merel: added extra hints

Mika: added logout button

Sem: added the last two extra activities

Ceren: increased code coverage and connected achievements to server

Questions for TA:

Adding gradle CI code coverage badge: because it's our last week it's not worth it to try to add the code coverage badge.

For the report: if we need more space we can add an appendix

Presentation:

- Duration (only 10 minutes)
- Contact with audience
- Slide design
- Demo
- Overview features
- Additional features
- Everyone has to get a turn at the question round

For next week:

Work on the presentation

- Merel and Sem will do the presentation
